CORAL BELL SCHOOL OF ASIA PACIFIC AFFAIRS

PROGRAM GUIDE

Bachelor of Asia Pacific Affairs & Bachelor of Global Liberal Arts
Bachelor of International Security Studies
Bachelor of Pacific Studies
Graduate Diploma of International Affairs
Master of Diplomacy
Master of International Relations
Master of Political Science
Master of Strategic Studies
I have recently joined ANU as the new Director of the Coral Bell School of Asia Pacific Affairs. I cannot imagine a more dynamic or prestigious place to study International and Asia-Pacific Politics, Security, Diplomacy and Strategic Affairs. This is an exciting place to be. And, given what is happening in the world around us – from social media being used to disrupt democracies, tensions in the Korean Peninsula, ‘climate chaos’ (to borrow a phrase coined by the World Wildlife Fund), to nuclear weapons proliferation, the steady rise of China and the advent of an artificial intelligence ‘arms race’ (one of my own research interests) – this is a crucial time to understand and help shape international affairs.

The Bell School has an impressive record of doing just this. Dr Coral Bell, after whom the School was recently re-named, was Australia’s most distinguished analyst of contemporary international affairs. Known for her pragmatism in the face of Cold War uncertainty, she was just one of the discipline-leading scholars who has been associated with the School. Coral Bell School is made up of five vibrant units: the Asia-Pacific College of Diplomacy; the Department of International Relations; the Department of Pacific Affairs; the Department of Political and Social Change; and the Strategic & Defence Studies Centre. Each one has established its own reputation for excellence. Together, they build on and extend the legacy of the prominent figures who have defined the School’s unique history.

As you may already know, ANU is ranked #1 in Australia and #10 in the world (between Yale and Columbia University) in Politics and International Studies according to the 2019 QS World University Rankings. We take the responsibilities that come with this reputation seriously. We realise that our students will lead and change the world when they leave us, and we make sure that our programs prepare them for this challenge.

As a student in the Bell School you will have the opportunity to discuss and debate regional and international strategy, politics, security, and diplomacy with more than 70 specialists and academics. You will learn from lecturers who are world leaders in their respective fields. The School’s proximity to government and our engagement with policymakers will provide you with unrivalled opportunities – through our internship programs for example – to develop a career and build a professional network. Our international student exchange programs, Asia-Pacific study tours and the steady stream of renowned scholars and practitioners who visit the Bell School will give you direct contact with people and ideas from around the world. Again, this is an exciting place to be.

The Bell School is internationally recognised for its outstanding teaching, for its world-leading research, and for its positive influence on regional and global policy and practice. In short, being associated with the Bell School at ANU is a mark of excellence.

I hope you will join us.

The Department of Pacific Affairs (DPA) is the leading centre for applied study on contemporary state, society and governance issues in the Pacific. DPA is home to a critical mass of expertise and knowledge on the region, undertakes applied and long-term research, maintains extensive engagement with policy communities, and delivers research training and research capacity building.

Why study with us?

The Pacific is one of the world’s most dynamic and diverse regions. Australia’s understanding of the Pacific is more important than ever given increasing engagement with the region and a high number of Pacific Islanders living in Australia. Pacific Studies is at the centre of debates on climate change, environment, development, security studies and cultural diversity. It also examines expressions of Pacific identity and representations including through new technology and social media.

Australia’s recent enhanced attention on the Pacific will bring an increased demand for graduates with Pacific expertise. Embarking on courses convened by DPA you will be learning from academics who are in the thick of applied research on the Pacific. All have worked and researched there for long periods of time — undertaking fieldwork, teaching in universities, working at research institutes, and working for and advising regional governments, donor agencies and non-government organisations.

Who should study with us?

Studying courses convened by DPA will attract those who want to gain a deep understanding of the complex social, cultural and political factors that underpin Pacific societies and impact on their development. With the Australian Government’s increased focus on the Pacific an in-depth understanding of Pacific affairs will be particularly relevant to students looking to excel in public sector departments such as Foreign Affairs and Trade.

A grounding in Pacific Studies will also be relevant to those choosing careers with NGOs and INGOs, the private sector, or research organisations. Our programs are also ideal for academic careers in anthropology, political science, human geography, diplomacy, foreign affairs, policymaking and law.

World-class academics are your teachers

Associate Professor Nicole Haley
Head of Department
Nicole’s research focuses on aspects of political and social conflict in Melanesia, including social identity, contemporary land politics, electoral politics, conflict and armed violence, gender and HIV/AIDS.

James Batley
Distinguished Policy Fellow
James is one of Australia’s foremost Pacific policy experts. He has been a High Commissioner to Solomon Islands and Fiji, and was Australia’s first Ambassador to East Timor following its independence in 2002.

Dr Roannie Ng Shiu
Research Fellow
Roannie’s work focuses on Pacific health, education and sport in Australasia and the Pacific region. Roannie is convenor of the ANU Pasifika Australia equity outreach program.

Dr Kerryn Baker
Course Convenor & Research Fellow
Kerryn’s research interests are electoral politics and electoral reform in Melanesia and the broader Pacific Islands region, with a particular focus on women’s political representation.

Dr George Carter
Research Fellow
George Carter’s research focuses on Pacific Islands’ coalitions and diplomacy in climate change negotiations.

Dr Stewart Firth
Research Fellow
Stewart’s current research deals with development outcomes in the Pacific’s territories and small states, and with changing international relations in the Pacific.
Overview
As Australia’s engagement with the Pacific increases, so too does the need for graduates with Pacific expertise. This program teaches the diversity, history and contemporary issues of Oceania so that graduates will be able to take a leading role in shaping Pacific policy and development. You will also learn the theories and research approaches for Pacific studies, as well as the diversity of perspectives on Indigenous, popular, policy and scholarly debates in Oceania.

INTERNATIONAL SECURITY

The Strategic & Defence Studies Centre is Australia’s leading university-based think tank and home to Australia’s foremost defence, military studies and Asia-Pacific security experts.

Why study with us?
Students develop analytical skills and knowledge of the security challenges facing our world, in particular the Asia-Pacific region. Students can choose electives in other disciplines from across ANU such as languages, while also participating in hands-on activities such as ‘war games’.

This bachelor degree can be combined with almost any other degree at ANU, enabling students to gain specialist knowledge that will place them ahead of their peers when starting their careers in Australia or overseas.

Where can it take you?
You will have the opportunity to truly engage with the Asia-Pacific region through dedicated in-country study programs, including semester exchange programs with more than 160 international partners, and a range of study tours and short-term programs delivered by partners including the National University of Singapore, Waseda University (Japan), Ritsumeikan University (Japan), and the University of Yangon (Myanmar). Both language and non-language opportunities are available.

Who should study Security Studies?
With an Asia transformed by the rise of China and India, and a world preoccupied with security issues, the current century has been defined by global strategic challenges.

If you’re interested in issues of strategic importance to Australia, addressing how political ends and military means interact, understanding the origins, applications and implications of war and other forms of organised violence, our international security studies program is for you.

Scholarships
There are a variety of scholarships and prizes available specifically for this bachelors program including the Coral Bell Scholarship and Memorial Prize, the Clark Davis Ivins Memorial Prize and Travel Grant, and the Paul Dibb Prize. See more information on Scholarships and Grants provided on Page 6.

DIPLOMACY

The Asia-Pacific College of Diplomacy is the only institution in the Southern Hemisphere offering a dedicated postgraduate degree in diplomatic studies, and is positioned amongst the leading diplomatic research and teaching institutes globally.

Why study with us?
Now in our 15th year, we are one of the leading diplomatic studies institutions in the world. Our Master of Diplomacy combines the knowledge of internationally recognised research scholars with senior diplomatic officials from Australia and the broader region.

Intimate class sizes and dedicated time with academics and practitioners provides students and professionals with both a nuanced understanding of diplomacy and international relations, as well as practical experience and opportunities to network.

This program is a pathway to professional advancement, equipping you with knowledge about practices of international affairs and real-world skills to effectively represent your country or organisation internationally.

Who should study Diplomacy?
Today’s world is marked by unprecedented complexity and uncertainty. Globalisation, conflict, regional instability, technology and the changing role of major powers will shape and challenge the world we live in. Policymakers are increasingly faced with an infinite range of alternatives and uncertain consequences. Diplomacy is the framework through which policymakers communicate, contest and negotiate solutions to govern these challenges.

The Master of Diplomacy attracts driven students wanting to gain the knowledge and practical understanding of diplomacy, professionals already working in foreign ministries around the world, as well as internationally recognised academics and diplomatic practitioners looking to advance their careers.

Where can it take you?
Many of our students have gone on to become: ambassadors, executive level, first, second and third secretaries in foreign ministries, academics, senior staff in the United Nations, World Bank, International Monetary Fund and transnational corporations. The Master of Diplomacy is also ideal for careers in public policy, international law and trade.

Ruth Dobson Scholarship
In honour of Australia’s first female career diplomat to serve as an Australian ambassador, the Ruth Dobson Scholarship is awarded to attract both domestic and international high achieving students to enrol in the Master of Diplomacy or Master of Diplomacy (Advanced). This scholarship provides full tuition for 96 units.

Internships
Internships are a great way to build your professional experience and networks. We constantly seek new internship opportunities for our students, and encourage you to take an internship as a recognised part of your studies. Our previous students have interned in the US, Japanese and Egyptian Embassies, the Australian Institute of International Affairs (AIIA) and the United Nations Association of Australia (UNAA).

Languages
Starting in 2019, students will now have the option to study languages as part of a Master of Diplomacy degree.

INTERNATIONAL RELATIONS

Home to discipline-leading scholars such as Professor Hedley Bull, the Department of International Relations is one of the leading centres in the world for the study of global politics. It is the first and only department of its kind in Australia, combining the study of international relations with a focus on the Asia-Pacific region.

Why study with us?

ANU is ranked #1 in Australia and #10 in the world for Politics and International Studies, according to 2019 QS World University Rankings, placing us between Yale and Columbia University. This program is the only international relations degree in Australia to combine the study of global politics and engagement with the Asia-Pacific region. The Department’s world-class reputation attracts leading scholars, giving you direct access to a global network of practitioners.

The Master of International Relations offers an academically rigorous and relevant program which allows our students to develop strong analytical frameworks to understand how changes in foreign policies, the strategic balance of power, international norms and globalisation drive political developments in the Asia-Pacific region and around the world.

Scholarships

The Hedley Bull Scholarship offers up to four scholarships each year to students wishing to pursue the Master of International Relations (Advanced) in Semester 1 (February). This scholarship provides full tuition for up to four full-time semesters.

The Dr Claire Clark Scholarship may offer up to two awards annually to support postgraduate students pursuing the Master of International Relations. This scholarship provides full tuition for the duration of the program.

Who should study IR?

The study of international relations has never been more relevant than in today’s globalised world, and even more so in Asia, the fastest-changing region.

Equipped with the skills to succeed, our students go on to excel in public sector departments such as Foreign Affairs and Trade. Others choose to work in NGOs, the private sector, media or research organisations. Our programs are also ideal for academic careers in diplomacy, foreign affairs, policymaking and international law.

If you are interested in understanding the dynamics of contemporary international relations and graduating with one of the most respected degrees in international affairs in the world, this degree is for you.

“I chose ANU because of its proximity to government in Canberra and its high international rankings. The Master of IR helped me to develop the ability to think critically, communicate complex ideas, and apply theory to practice. My interest in journalism has lead me to work in parliament where I have the opportunity to write and talk to key decision-makers in Australian foreign policy”.

POLITICAL SCIENCE

ANU is the first and only university in Australia to offer a Master of Political Science. This program provides cutting edge research training with a focus on contemporary politics of Australia and the Asia-Pacific region.

Why study with us?

ANU is ranked #1 in Australia and #10 in the world for Politics and International Studies, according to 2019 QS World University Rankings, placing us between Yale and Columbia University. Political science deals with the scientific study of political behaviour. It applies advanced social science research methods to further understanding of a wide range of political phenomena from election forecasting to ethnic conflict. This program provides training in political science research methods in addition to courses on the contemporary politics of Australia, Asia and the world.

Situated in the nation’s capital, Canberra, the Master of Political Science provides you with unrivalled access to professional and academic specialists, along with the opportunity to meet and learn from policymakers.

ANU is undoubtedly among the best places in the world to study political science.

Who should study Political Science?

Students from a wide range of backgrounds, including those without a prior background in social science, are all encouraged to apply. Curiosity about how the political world works and a willingness to engage with different approaches to understanding it are the key characteristics for success in this program.

If you want to explain the behaviour of populists like Donald Trump; the persecution of the Rohingya minority in Myanmar; know why Catalonia is considering secession, or why some countries are more democratic, more developed, more equal or more diverse than others, this program is for you.

Where can it take you?

Graduates of the Master of Political Science will be able to pursue a wide range of careers in government, international organisations, NGOs and private bodies. This program is also an ideal option for those considering furthering their studies with a Doctorate Degree.

Why study with us?

Celebrating its 50th anniversary in 2016, the Strategic & Defence Studies Centre (SDSC) has a rich history. The Centre provides 'real-world' focused strategic studies courses that are research-based and research-led.

SDSC is uniquely positioned to strike the right balance between theory and practice as our teaching faculty includes renowned academics, shapers of strategic policy and former influential members of the Australian public service and Defence Force.

Who should study Strategic Studies?

With an Asia transformed by the rise of China and India, and a world preoccupied with security issues, the current century has been defined by global strategic challenges.

If you’re interested in issues of strategic importance to Australia, addressing how political ends and military means interact, understanding the origins, applications and implications of war and other forms of organised violence, our strategic studies program is for you.

Internships

You can get both practical experience and credit towards your masters degree with an internship. Our students have had the opportunity to intern with organisations such as:

> The International Institute for Strategic Studies-Asia (Singapore)
> The Australian Strategic Policy Institute
> The Chair of the Defence Sub-committee for the Joint Standing Committee on Foreign Affairs, Defence and Trade
> The Shadow Assistant Minister for Defence
> The Lowy Institute

Scholarships

Each year a limited number of T.B. Millar Scholarships are offered to full-time students enrolled in the Master of Strategic Studies. The scholarship provides the tuition fee for two core courses (24 units).

The Robert O’Neill Scholarship aims to support students undertaking a 3 month internship with the International Institute for Strategic Studies (IISS)-Asia office in Singapore.

The Freyberg Scholarship (New Zealand Defence Scholarship) is available for New Zealand citizens wishing to undertake the Master of Strategic Studies offered by SDSC.

World-class academics are your teachers

“SDSC has a long history of analysing the use of armed force in international affairs and providing Australia’s defence and intelligence community, and those who aspire to join it, with the insights to tackle the challenges of an ever-changing world.

Our core strengths are the diversity of our approaches - embracing history, international relations, and security and strategic studies - and the scope of our expertise – spanning Asia-Pacific security, Australian defence policy and military studies.”

Dr Garth Pratten
Acting Head
Strategic & Defence Studies Centre

Dr Jean Bou
Program Convenor - War Studies
Jean focuses on Australian military history from before Federation to today, with an emphasis on aspects of late-colonial / early Federation defence, and the First and Second World Wars. He is also an author of the Official History of Australian Peacekeeping, Humanitarian and Post-Cold War Operations.

Dr Meighen McCrae
HDR Convenor & Lecturer
An historian of international history and the history of war, Meighen’s main research areas are the way coalitions fight, notions of victory, and how individuals think about future war during periods of conflict or great international tension.

Dr Joanne Wallis
Director of Studies & Senior Lecturer
A former lawyer and Fulbright Scholar, Joanne’s research focuses on security and strategy in the Pacific Islands, and peacebuilding, state-building and nation-building in the Pacific Islands and more broadly.

Professor Brendan Taylor
Professor of Strategic Studies
Brendan’s area of expertise is on strategy in Asia, Asian security architecture and Australian strategic policy in the Asia-Pacific. In August 2018, Brendan released his newest book The Four Flashpoints: How Asia goes to War

Professor Evelyn Goh
Shedden Professor of Strategic Policy Studies & Director of Research
Evelyn specialises in East Asian security and international relations, US-China diplomatic history and contemporary strategic relations, international relations theory, Cold War history and security studies.

Dr Andrew Carr
Director of Outreach & Engagement & Senior Lecturer
Andrew’s research interests include Australian foreign and defence policy, Middle Power Theory and Asia-Pacific security. His recent books are Winning the Peace: Australia’s campaign to change the Asia-Pacific and Asia-Pacific Security: An Introduction.
HIGHER DEGREE BY RESEARCH (HDR)

DOCTOR OF PHILOSOPHY
MASTER OF PHILOSOPHY

Higher Degree by Research programs

A Doctor of Philosophy (PhD) is a supervised research degree in which you carry out independent research on a topic developed by you in consultation with your supervisor(s). Your thesis will be an original piece of work incorporating an account of the research done during the program and its results.

A Master of Philosophy (MPhil) is a supervised research degree in which you carry out research under the guidance of your supervisor.

Thesis

The thesis or dissertation is the key product of the PhD and MPhil programs offered in the Coral Bell School. A PhD thesis should be between 80,000 and 100,000 words in length and an MPhil thesis up to 60,000 words. In both cases this word count does not include footnotes or the bibliography.

Duration

The standard duration of a full-time PhD degree program in the School is four years and the standard duration of a full-time MPhil program is two years.

Residency

In most circumstances the Bell School expects that HDR students will reside in Canberra throughout their studies except when undertaking field research or on officially approved exchanges.

Coursework

All PhD students are required to take a minimum of 12 units of coursework in their first year of study. The requirements vary between departments.

Fieldwork

Within the limits of its budget your department will support fieldwork where it is judged necessary for the completion of the thesis. It is important to note that there is no automatic entitlement to fieldwork funding or to a specific amount of funding.

Each department employs a different procedure and criteria for determining the allocation of fieldwork funding for HDR students. You should liaise with the Departmental HDR Convenor regarding those details.

PhD scholarships

Scholarships are provided with the expectation that PhD programs will be completed within three years. PhD scholarships have two components – a stipend to cover a student’s living expenses during their candidature and a fee offset that pays their tuition fees. The stipend is paid for three years, but extensions may be granted for up to six months.

For domestic students a fee offset has a duration of four years. For international students the fee offset scholarship has a duration of three years but extensions of up to a year may be granted in six-month lots.

Both stipends and fee offsets can only be extended ‘where the research has been delayed by circumstances beyond the scholar’s control’.

How to apply

Step 1: Find a supervisor

Identifying a potential primary supervisor is an important first step of your Higher Degree by Research application. Browse the ANU Researchers Database (researchers.anu.edu.au/) to find and contact a potential supervisor to support your application. In most cases the location of your potential supervisor will determine which Department you will be enrolled.

Step 2: Submit a formal application

Applications for research degrees at ANU are made online. You can find instructions for completing the application form and the answers to some frequently asked questions at applyonline.anu.edu.au/

Applications can be submitted at any time during the year, but if you want to be considered for a scholarship the closing dates are 31 August for international students or 31 October for domestic students. Scholarship recipients must commence by 31 March of the following year.
